

# The 'E' Bridge

The magazine of All Saints Church Marlow

From the next edition of The Bridge (Lent 2007 - to be published March 4<sup>th</sup>), we are planning to make available an electronic copy of The Bridge and the Diary of Services. This will not replace the printed copy available in church, but there are several advantages in electronic publication.

- By receiving an electronic copy, the Church will save circa. 60 - 75p per copy in printing costs
  - The 'E' Bridge will be in colour and it will be available before the printed copy
- You can read it on screen, print some or all of the pages in colour and e-mail it on to friends

## How will it work?

If you send an e-mail request for an electronic copy to [dasouthon@hotmail.com](mailto:dasouthon@hotmail.com) before February 23<sup>rd</sup> we will e-mail you a link to a page on the All Saints website as soon as a new edition is available. You can then download The 'E' Bridge and the Service List/Who's Who as a PDF. As the PDF file size will be in the region of 2500KB we recommend only those readers with broadband should access this new service. This copy, some previous editions and all future editions of The Bridge will be retained on the website [www.allsaintsmarlow.org](http://www.allsaintsmarlow.org) for viewing and downloading.
